

## **C.A.I. CHARITY CONCERT CROWD ENTHUSER (50 Positions)**

Once a concert has been booked, you will be told of the Concert Venue, and given details of the date, time, address and contact phone number of the venue. You would be told whether concert events are scheduled on weekends, or in the afternoons or evenings. The work will be for the duration of a charity fundraising concert event, which could last up to 2 hours! Your job would be to take pictures with a flash camera, clap loudly, do cat calls, wolf whistles and yell “Bravo” or “Bravee” (“Bravo” for male performers and “Bravee” for female performers) repeatedly, and to show that you are totally tuned in to the event! Your job would be to get everyone around you enthusiastic and excited as well!

This position is for you if, 1.) you can make a lot of noise at the end of each selection of music and group, 2.) bring along a flash camera (with or without film) and snap photos throughout performances, 3.) get others next to you so excited that they join in and stand up at the end of performances so as to cause a standing ovation and 4.) ask others around you if they are members of CAI, act amazed if they say “no”, then encourage them to join up to support the charity/s of their choice through the CAI Project. If a Rhythm & Blues Band is performing, can you swing in rhythm along with the performers and/or clap as necessary? If a band is playing Country Western, Funk, Soul, Motown or any other type of music, can you move in time with the rhythm and show others how excited you are over the entire event? An outgoing person can make this position fun!! You would get in for free too!

You need an appreciation for many types of music from Rock-n-Roll to Classical, Country Western to Opera, Jazz to Barbershop and/or Hillbilly music! You must have an interest in the growth and development of the CAI Project, and you need to be very charitable and willing to do whatever you can, to help with the growth and development of CAI. At Concert events the more excited others get due to your excitement, the more effective it will be to build community spirit among others!

You will be paid £10 per hour if you are really good at this! We hope Candidates will remain with CAI permanently. You must stand in the crowd away from other Crowd Enthusers and be self-motivated. You will take the initiative in leading the audience in cheering as you are, showing those around you your enthusiasm with the CAI Project and the importance of joining as a member to support this Project. You must get others as excited about the Project as you appear to be and help to encourage others to feel part of a group of people with a common goal and interest, as a family of music-lovers.
