

C.A.I. FLIER DISTRIBUTOR (10 Positions)

Volunteers are needed to distribute fliers regarding charity fundraising concert events to neighbouring areas! If you need the exercise and enjoy fresh air, this is your opportunity to get just that, and at the same time helping to raise public awareness of a fabulous charity fundraising concert event. Everyone will have a reason to support charities while benefitting from a social event, and the member's buffet supper, along with the most beautiful music of all types! At the time of your choice, early morning, daytime or after work, go for a walk to distribute fliers about the charity fundraising concert event, so the public will get something of great value in return for their support for worthwhile charities! They will enjoy the music and our social C.A.I. family!

These positions will be for people who enjoy the outdoors and are looking for a charitable way of getting their exercise! In fact, you may encourage people to sponsor your walk while distributing fliers for a charity fundraising event! You will work together with the other Flier Distributors to make sure you each cover different areas, ensuring that every street, avenue, crescent or close is covered, along with nooks and crannies where people dwell! And if people will sponsor your walk to distribute 1,000 fliers or 3,000 fliers, that will raise more money to cover the cost to put on the concert!

Please join our C.A.I. family! You must love taking walks, and being sociable so you can find people who will sponsor your walks, to pass out thousands of fliers, and to wear your own quality C.A.I. T-Shirt featuring the C.A.I. Logos! Tell everyone you meet about the concert event and make sure every household has a flier. Put fliers under car windscreen wipers too! C.A.I. wishes to give something of value in return, bridging the gap by offering supporters of C.A.I. opportunities to attend wonderful social events at music concerts finishing with a buffet supper for those who are members."

The Trustees will do all they can to assist where possible, so as to help in any way they are able. But training cannot really be given in this field as you should be able to promote events yourself to "get bottoms on seats" by talking to people and inviting them to "the greatest show on earth" to benefit the charity/s that C.A.I. is supporting! The Trustees will produce all the fliers and then it is up to you to cover every house in the vicinity of the concert!

You will be paid £10 per hour as well if you are successful in this field, while taking these outdoor walks and delivering leaflets to every household up and down every street in every neighbourhood!
