

FUNDRAISER 2 (1000 Positions)

Do you like the idea of fundraising for one of the most wonderful charities you could belong to?! C.A.I. was borne with the vision of fundraising for other registered charities, through giving charity fundraising concert events to not only benefit charities, but to also create social events for those in attendance, to create a network of friends who are charitable people too, and to create employment for many musicians! You may fundraise in any number of ways! The more creative you are, the more ways you will find to be an asset! Help people to get something of value for their contributions to charity, one of the reasons C.A.I. was set up! Organise charity fundraising events for C.A.I., such as with a sponsored tug-o-war contest, apple dunking parties, dinner parties, boat races, bicycle rides or races, ticket sales for American-style buffet suppers for social occasions or for any event you think would attract a lot of ticket sales for C.A.I., and perhaps sales of official C.A.I. T-shirts at events!

Previous experience of organising events would be helpful. You must have good social skills, the ability to persuade people, and be self motivated and hard working to raise funds for the CAI Project! You must be more interested in helping charities on a permanent basis, rather than by way of one-off “quick-fixes” that don’t last! You must do what you can to help in the growth and development of the C.A.I. Project. You must love and appreciate many types of music, whether Rock-n-Roll, Classical, Country Western, Opera, Jazz, Barbershop, Soul, Blues, Motown or Hillbilly music etc. This is an opportunity to become involved with one of the best charities that raises funds for other charities!

Please join our C.A.I. family! The Trustees will do whatever they can to assist you where and as needed. The Fundraiser must create the events and liaise with the Trustees for safety protocol! The Fundraiser must know how to devise events for raising funds for C.A.I. without the necessity of assistance! We would like for our Fundraiser to remain with C.A.I. on a permanent basis.

The Trustees will try to come up with suggestions so as to help. But training cannot really be given in this field. The whole idea behind this position is to create fun and games for others, to obtain sponsorships, as well as persuading others to sign-up and pay a small fee for inclusion in events! Eventually you could be paid for putting together these ongoing fun events, if you are really good at them and are a success in this! Here is an opportunity to develop your own role within C.A.I.! In this field you will be doing something that is more important than many other types of work you could do, as C.A.I. is the charity of choice! We may choose to pay you 10% commission on what you raise!
